

Week beginning 25th November 2019.

A fabulous week in F2...

This week in Maths we have been learning all about 3D shapes including the sphere, cube, cuboid, cone and prism.

In Literacy we have been continuing with the Nativity Story.

We have also been practising the Christmas play- we can't wait for you to come and see us perform!

On Wednesday we had lots of fun at our Christmas Fair, thank you again for all of your kind donations!
