

Welcome back....

We hope you have all had a wonderful half term break.

As always, we have had a busy week. This week in phonics we have been doing word counting and alliteration. The children have all made some silly soup with things beginning with the 'p' sound.

In maths, the hedgehog group have continued with their work on shape and the other two classes have enjoyed exploring patterns.

Look out for your 'Eat them to defeat them' mission pack, in your trays this week. We are excited to hunt down the target veg and eat them to defeat them! This week is carrot week.
