

Week beginning 10th February 2020.

This week in F2...

This week in Maths the children have been learning all about weight. We have been talking about different objects being heavy, light and the same weight.

In Literacy the children have been continuing with their caption writing, they have been writing Dinosaur facts which will go in our class book which we are creating.

On Tuesday we had lots of fun at the Tigers Trust penalty shootout. Thankyou for all of your sponsors!

We hope you enjoy the half term holiday and as always, stay safe!
