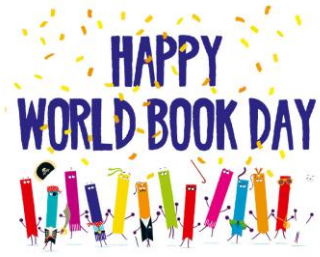
Week beginning 2nd March 2020.

This week in F2...

This week in Maths the children have been learning all about subtraction. They have been solving number problems by taking numbers away.

In Literacy the children have been doing some topic work. They have been learning all about seeds and how they grow. We discussed that they need water and sunlight to grow. As a class, we planted some seeds. The seeds have started to grow and... we have grown an egg! We are all very excited to see what is inside of our egg.


On Thursday we were all very excited to come to school dressed as our favourite book characters. We had World Book Day activities around the classroom and enjoyed listening to lots of different stories.
