

Writing a post card.

We usually write post cards when we go on holiday. We write them to the people who are left back at home. We tell them about the holiday, what we have been doing and what the holiday has been like. Could you write a postcard? But to your friends who are left at school. Tell them about what you have been doing at home. And who knows... you might get a letter back.

You can write it like a post card, or a letter. Talk to your child about how to address a letter and what the job of the postman/woman is. As well as; why we put stamps on letters.

Address it to;
