

The Story of Osman Odd and Eshal Even

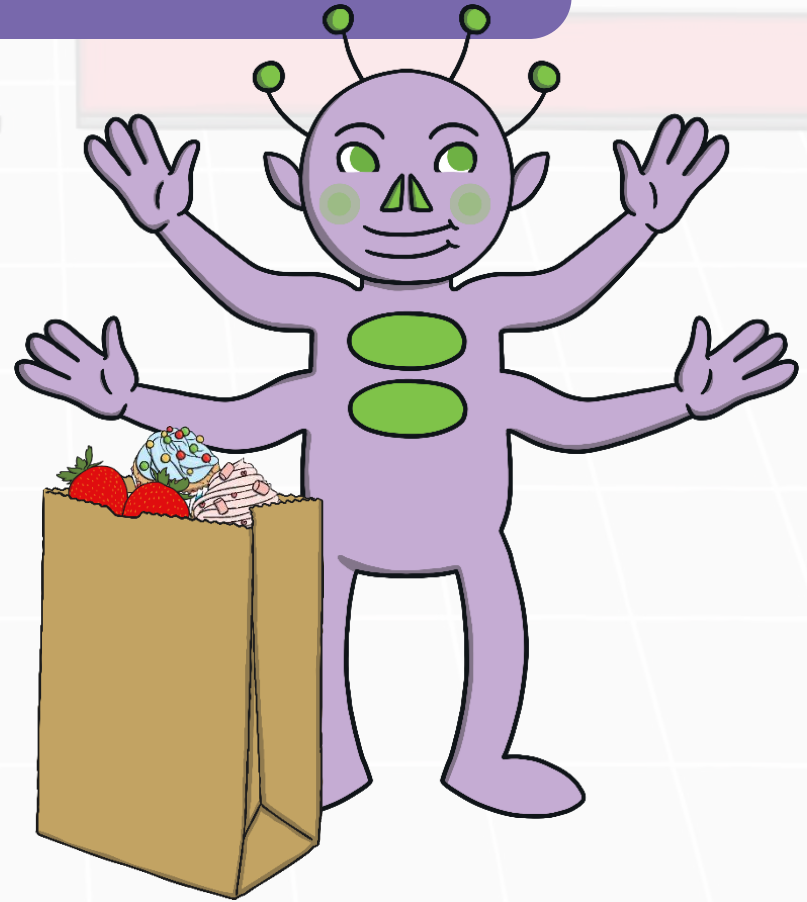

Osman Odd and Eshal Even were best friends. They did all sorts of things together; riding their bikes, playing games and going shopping.

One day, Osman Odd and Eshal Even went out shopping together. Osman Odd only ever bought items that were odd numbers and Eshal Even only bought an even number of items!

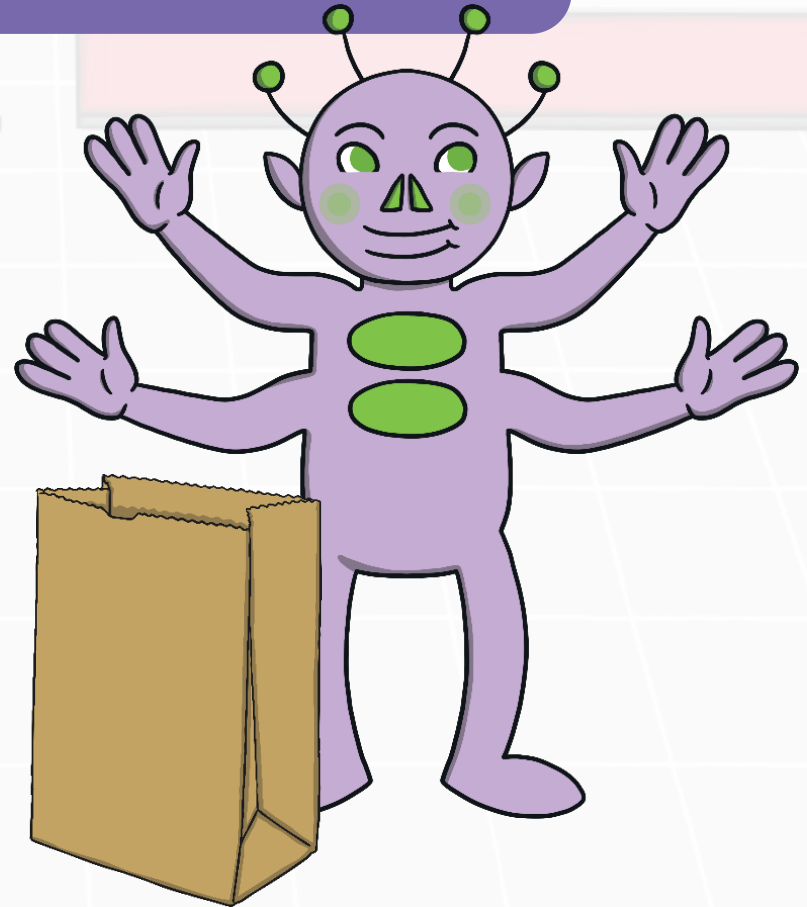

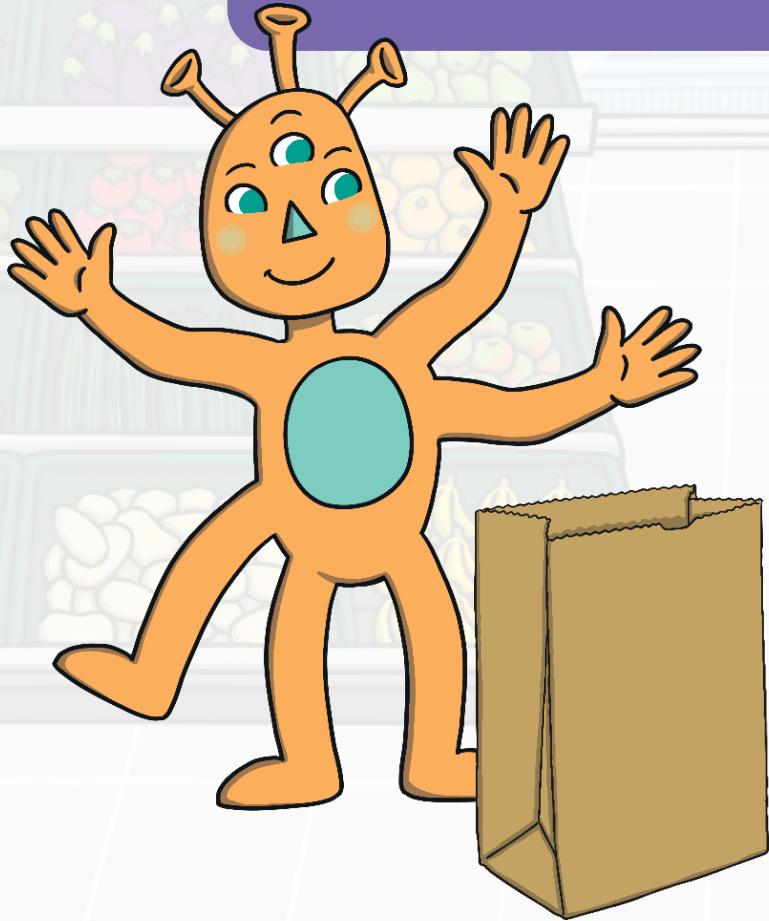

They were so excited about all the amazing treats in the shop that they filled their bags right up!

Uh-oh! Their bags were so full, that when they went outside they broke and their shopping spilled all over the floor!

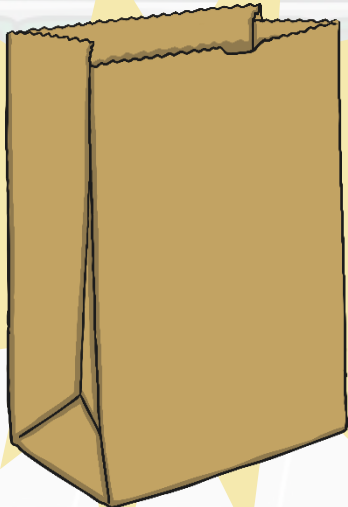

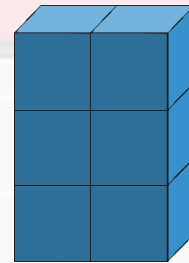

Can you help Osman Odd and Eshal Even to put their shopping back in to the correct bags?

Can you put an item for Osman Odd in his bag?

Remember: Osman Odd only buys items that have an odd number!
