

# Welcome back.....

We hope you all have a lovely rest during half term. We enjoyed listening to the children talk about their Halloween experiences and also seeing some photographs on tapestry.

This week we have been looking at rhyming words in phonics and really trying to tune into the sounds.

In PE, we started our winter unit and we looked at what happens to water when it freezes, and this is what we had to do when Jack Frost got us in PE.

We have done lots of lovely bonfire night activities, including chalk drawing, making rockets, and we loved our bonfire night food stall in the mud kitchen.

Next week we are looking forward to learning about firefighters, taking part in Remembrance Day and Children in Need.
