

WC 9th November.....

Another fun week in FI.....

This week in phonics we moved onto alliteration, we have been trying really hard to listen for the initial sounds in words. We have even used mirrors to look at the shape our mouths make when we make the sounds.

We were back to 5 currant buns as our nursery rhyme of the week, and the children are becoming very confident acting this out in our maths tuff spot. In our main maths lesson we have been using the vocabulary less and more.

We have really enjoyed learning about fire fighters this week and have read lots of stories about different 999 calls a fire engine attended to. We are using Tales Toolkit to pick out the character, setting, problem and solution in each story.

Next week, we will be taking part in Odd Socks Day for Anti- bullying week. We will then be learning about Divali.
