

Week beginning 16th November 2020.

Diwali

The week started off with Mrs Marson visiting us in FS and telling the children the exciting story of Rama, Sita & the 10 headed demon and why Diwali is celebrated. The children have then had the opportunity to retell the story, they have developed their motor skills drawing beautiful rangoli and mehndi patterns and making diya pots out of clay, which will soon be sent home to enjoy.

In Maths we have started learning about number 4; identifying what is 4 and what is not 4, practicing the formation ("Chop, chop, chop. Number 4!") and thinking about 1 more and 1 less.
