

F2 After-School  
Art Club  
Group 1

Our first Art Club was a great success. The children who attended the session today were eager to take on the role of 'artist' and tackled the style of art with interest and confidence.

We were looking at Still Life. It was an arrangement of all different objects, including a plant, silver jugs, paint brushes, a collection of wood, some stones and a swathe of fabric.

The children really focussed on looking at what they could see. A very important skill when drawing.

You can see how much our artists concentrated as they worked.

We then pretended we were in an art gallery so that we could admire each other's work.

Our next activity was 'Speed Painting'! The children had to still concentrate on what they could see but not worry about what colour they were painting it. It sounds a bit crazy but it was great fun!

The results of our hard work were amazing. Well done to all of our budding artists that took part!
