

Week beginning 8th November 2021.

# This week in FI...

This week in FI we have been learning all about Diwali- the festival of light. The children have been learning about how people celebrate Diwali.

In Creative, the children have been making bells for Diwali and have been painting pictures using different spices mixed with water.

The children have also enjoyed making Rangoli patterns in the transient art area, on the colouring table as well as chalking them outside.

In the playdough area the children had fun making diva lamps.

Mrs Wilkinson came in to our class to teach us some Indian dancing. The children had lots of fun learning the different moves!

On Thursday we took part in Remembrance Day. The children practised their scissor skills and made a poppy collage. We were really proud of all of our children in FI who took part and managed the full minutes silence.

Next week we are learning all about road safety. Please could you upload a photograph on to Tapestry of a road that your child is familiar with. We will also be taking part in 'Odd Socks Day' on Monday and Children in Need on Friday.
