

Week beginning 22nd November 2021.

This week in FI...

This week in FI we have been learning all about Birthdays!

We have talked about how we celebrate birthdays and looked at the photographs posted on Tapestry-
thankyou for sharing!

The children enjoyed making cakes in the playdough area, painting pictures, making birthday cards and using our scissor skills to wrap birthday presents.

We have also had lots of fun baking a birthday cake! We talked about how the mixture changed after it came out of the oven. The children then enjoyed icing and decorating the cake before eating it for our snack. It was very yummy!

On Thursday we took part in White Ribbon Day. The children came dressed in white clothes and we talked about being kind to each other.

Next week we will be learning all about Christmas!
Please could you upload a photograph onto to Tapestry of your child celebrating Christmas.
