

Home School Diary

What a busy week we've had! We started the week as scientists - investigating which materials are best for the 3 little pigs to build a holiday boat from. We decided that metal, plastic and wood are best.

We learnt the parable of the *Wise man who built his house upon the rocks* and talked about being sensible and doing sensible things.

We also read the story of the tortoise and the hare and talked about determination, not giving up and trying hard.

The children really enjoyed their little walk out of school yesterday. We spotted a few different types of houses and even a 'bat house.' It was very exciting.

Next week we will be moving onto number 8 and continuing with the 3 little pigs' story.

For the home task this week, we'd like you to chat about the route you take to school. Think about the street names and the directions you take - left or right turns. Draw your route and send us a picture on Tapestry.

Have a lovely weekend
