

Which materials would make the best boats?

"The windows might be made out of glass and the rest out of metal or bricks"
Lacie

"I think the brick with sink"
William

"I think the fabric will float"
Rory

"It's supposed to float on the water"
Kieran

"I think the plastic straw will sink"
Rellie

"The fabric was floating, but then it went under a bit."
-Brandon-

"The straw was floating."
-Rellie-

"It (the metal bowl) sank upside down and it floated when it was the right way."
-William-

"I put the bowl in the middle because it sank then floated"
-Theo-

Which material shall we use?

"The **plastic** was floating on the top of the water."
-Rory-

"**Wood** because it won't sink it will float."
-Rellie-

"It's sinking"
Rory - the fabric

"Sink to the bottom"
Chloe - the brick

"we can use the **metal**"
-Maria-
