

Week beginning 9<sup>th</sup> January 2023.

# This week in FI...

This week we have been continuing to learn all about the story 'The Gingerbread Man'.

In Maths this week we have been talking about different sizes such as big and tiny and tall and small. We have been ordering different things into size such as the children in our class and the three bears from the story 'Goldilocks and the Three Bears'.

In Literacy we have been creating story maps of the story. We talked about where the Gingerbread Man started off in the story and the different places he passed by. We have also been practising to clap the syllables in our names.

The children had lots of fun for 'I wonder Wednesday' this week as we made our own Gingerbread Men. We talked about the different ingredients we needed. The children all helped to mix the ingredients together to make a dough and then we used some gingerbread men cutters to make the shape of the Gingerbread Man.

For this weeks home learning please could you upload a photograph of your child on an environment walk. This could be a walk around your garden or the park. Next week we will discuss what the children saw on their walk

Have a lovely weekend,

FI Staff.
