

It's 'I wonder
Wednesday'!
Any ideas what
we are going to
be doing today?

Syrup is
really
sugary.

Myles

That's
butter.

Violet

We talked about all the different ingredients (after talking about what that word meant) and how to follow the instructions. We also looked at the different sized measuring cups.

That is flour.
You put it in
cake.

Ivy N

Can I
count the
scoops?
Isla-Grey

There's no
bits of
shell in
there.
Ivy N

We cracked the egg very
carefully and counted out
the cups of each ingredients.

Can I have a go please?

It's gone very sticky.
Reuben

Then it was time to get mixing!

I'm rolling it!
Then I need
to cut a
shape.

Isla-Grey

Gingerbread
man!

Tyler

The children then rolled out
their dough and chose their
cutter.

The children talked about how the dough changed once it had been in the oven.

It's not soft anymore.

Reuben

It's cooked in the oven. It's hard now.

Myles

Can I eat it?

Isla-Grey
