

Week beginning 6th February 2023.

This week in FI...

This week the children have continued to learn all about the story 'On the way home'.

In Maths we have continued to learn about patterns. The children have been creating their own patterns using shapes and unifix cubes.

In Literacy we have been discussing the nouns and verbs in the story. We have also been creating our own maps and talking about what we see on our way to school.

Outside, the children have enjoyed making patterns with the chalks, making houses in our den building area and creating different creatures with powder paint and water.

For this weeks home learning please could the children practise to put on their own coats and shoes. Also if you could upload any photos on to Tapestry of what you get up to during your time off.

We hope you have a lovely half term,
FI Staff.
