

Week commencing 15th May 2023

F2 Home School Diary

This week we continued with our story 'The Enormous Turnip', we have enjoyed acting out the story and have created our own story maps. We have been talking about what we would see at a farm and have written labels and sentences about what we would find there.

In Maths we have been working with numbers up to 20 and writing number sentences up to 10. We have been looking at odd and even numbers. We have also been investigating heavy and light things in the outdoor area.

Thank you to everyone who came to our 'Big Build Stay and Play' session on Wednesday, it was amazing, with lots of brilliant bridges made, well done everyone.

Today we had a visit from Henrietta the hen, we loved giving her a stroke, she was so soft. We have loved looking after our chicks and watching them grow. We were sad to see them leave today but happy that they are going home.

This week's challenge - when you are out and about this weekend, what numbers can you see? Are they odd or even?
