

Week commencing 22nd May 2023

F2 Home School Diary

This week we finished looking at our story 'The Enormous Turnip', and enjoyed doing some of our own gardening in our outdoor area.

In Maths we have continued working on odds and evens and place value with numbers to 20 as well as ordering numbers to 20, counting on and backwards. We have also continued working on our number bonds to 10.

In Music, we have been exploring different percussion instruments and incorporating them into story telling of Enormous Turnip. We have also been looking at Human and Physical features around the school. We have also started practising for our sports day, we especially enjoyed practising the obstacle race.

We had great fun yesterday dressing up as rockstar!

We hope you have a lovely half term and we look forward to seeing you back on Monday 5th June.
