

Week commencing 5th June 2023

F2 Home School Diary

Welcome back, we hope you had a lovely half term break.

This week we started our new book 'Handa's Surprise' We have been looking at all the different fruit that Handa put in her basket. We have drawn a story map and acted out the story.

In Maths we have been practising our number bonds and solving simple adding problems

In our topic work we have been looking for signs of summer and enjoyed exploring in our outdoor area. We have also been looking at healthy and non healthy food and made a list of the healthy food we eat.

We have been looking at the work of an artist called Yayoi Kusama, who used lots of dots in her pictures.

This week's challenge - can you find any numbers in your house and make a number sentence with them?
