

Week commencing 10th July 2023

F2 Home School Diary

On Monday we enjoyed meeting our new teachers and seeing our new classrooms for next year.

On Tuesday we really enjoyed performing our 'Fabulous Finish', we hope you enjoyed it too.

In Maths we have been continued our work on dividing and have been sharing lots of different items with our friends.

In our topic work we have been comparing ourselves with a photo from the beginning of the year and discussed how have we changed over the year and how have we grown.

We have also read the story Jonah and the Whale and discussed the events of the story and compared the story with Noah's ark.
