

Week commencing 9<sup>th</sup> October 2023

## This week in FI...

This week in FI we have started reading a book called 'Titch'. We have discussed what a 'title' is and have talked about who the characters are in the story.

In Maths this week the children have been talking about size and have practiced putting things in order by their size. We have also been looking at different shapes and we talked about the names of the different shapes.

On Wednesday, the children made their own windmills. Once they were finished, the children tested them to see if they worked. The children blew and the windmills started spinning!

On Thursday we celebrated the National Day of Spain. The children came dressed in the Spanish colours red and yellow. The children practiced saying 'Hello, Goodbye and Thank you' in Spanish. They also enjoyed colouring in the Spanish flag.
