

Week beginning 15th January 2023

This week in Fl...

This week we have welcomed our new children who have started in our class. The children have enjoyed exploring all the different areas in our setting and meeting new friends.

We have introduced ourselves during circle time and have discussed our Golden Rules.

This week in Fl we have been reading the story 'The Gingerbread Man'. We have practised some of the key Makaton signs.

The children have been drawing the different characters from the story and drawing maps of the Gingerbread Man's journey.

In Maths the children have been singing the song 5 currant buns. The children have also been counting to 5 using the 5 frames to place the counters.

It has been very cold this week and the children were excited to see that our outside area had frozen. We looked around and found lots of different frozen objects outside and pieces of ice. The children thought of different ways to melt the ice.
