~~We're~~ Going on a Bear Hunt

Michael Rosen

Helen Oxenbury

We have been loving learning the 'Bear Hunt' story, with Makaton signs, and were very excited to go out hunting. We had even made our own binoculars to take with us.

We found lots of long grass to walk through.

Swishy, swashy.
Swishy, swashy.

Archie thought he heard a bear.
"It roared!"

Splash splosh!
Splash splosh!
Splash splosh!

We didn't find a river but we
did find some puddles.
Unfortunately, it **WASN'T** a
beautiful day!

We did find lots of thick oozy mud. We did lots of squelching and squerching too!

We had a few
stumbles and trips
through our
'forest'.

Then tip-toed to our narrow, gloomy cave and guess what we found?

We didn't want the bears to be sad, like the one in the story, so they came inside with us to have hot chocolate and biscuits. We will definitely go on a bear hunt again.
