

Tuesday was Pancake Day!
We all talked about the traditions behind Shrove Tuesday and then had a go at measuring out the ingredients and mixing them together into a batter. The recipe was for scotch pancakes instead of traditional ones.

Mrs Silverwood took the batter into the kitchen to fry the pancakes. As the batter cooked, they changed completely.

Everyone was able to have their own pancake. They didn't need any toppings as the recipe had sugar in it so they were already sweet.

What a treat!
