

Making Bear Biscuits!

Making Bear Biscuits has been great fun. The children had to use their finger skills carefully to put everything in the right place without getting too sticky! There was lots of good chat involved too...

We already knew that we were thinking about circles but Rahela was able to tell us that they were “big and small.” Musa spotted a “little one”. Myla looked at the different sizes and, after a couple of tries, managed to put them all in order. So did Roman! Ewura knew how many eyes our bears needed, “two eyes”. And Jacob asked, “Can we eat them?” A super question and the answer was ‘yes’!

Ibrahim showed us that he knew he needed eyes for his bear. Ada said, "ears". And Parker let us know that he had sticky fingers too!

However, there were also moments when the children were VERY quiet as they were concentrating so hard on creating their very own bears.
