Hull Fair Day

This week we had…
”The Best Day EVER!” celebrating the annual event of **HULL FAIR!** We talked about our experiences of going to Hull Fair and discussed our favourite bits. We explored our senses of the fair… what can we see, smell, hear, touch and taste!

“I had candy floss, it was so sticky” - Zaya

“I had chips and they were really salty!- Jacob

“There was a big wheel, it’s a giant one!” - Myla-Mae

“I saw a Helter Skelter, the slide was going round and round” – Blake

During snack time we enjoyed a special taste test of a Hull Fair favourite — brandy snap!! The children had lots of fun describing the textures and flavours, using brilliant words like “**crunchy**,” “**sweet**,” and “**sticky**!”

One of the highlights of the day was when the children made their very own chocolate-dipped apples with Mrs Silverwood. The children carefully dipped their apples into melted chocolate and added a few sprinkles on top. We explored textures, smells, and tastes while talking about how the chocolate changed as it melted and cooled.

We got messy and painted our own colourful candy floss pictures, using pinks and pastels to recreate the yummy fairground treat. The children also enjoyed playing some classic fairground games like Tin Can Alley, coconut shy and hook a duck

Miss Patterson supervised the junk modelling in the winter garden as the children crafted their own fair ground rides such as helter-skelters, merry-go-rounds and the big swings lots of us saw at the fair!

The sweetie stall was a firm favourite amongst the children as they took turns being shopkeepers and customers, making sweetie bags and developing their fine motor skills by using the tweezers to grab the ‘sweeties’.
