"What's in the bag?" asked Albie.
"Your apron!" said Arlo. "For cooking," said Alfie.
"So we don't get sauce on it!" added Lucas.

Vanessa announced, "Excited for the cooking!"

Arlo said there would be milk in the bag to make porridge again and asked, "What's them 'nuts'?" He meant oats but we weren't making porridge today!

"What is in there?" asked Jordan.
"It's chocolate biscuits," said Jax. "Chocolate buttons," added Theo.

We looked at the shapes of everything. They were all circles but different sizes.

"Big ones," said Arlo. "Teeny tiny ones," said Vannessa.

We looked at how to use the circles to make bear faces...

Lucas and Ophelia put the biscuit and buttons in order of size from smallest to largest.

Then Mrs Silverwood showed everyone how to arrange the circles to make the face of a bear. But when she moved them they all fell off!

How could we make them stay in place?

Lucas thought we could use selotape but we wouldn't be able to eat that!

Instead, we used icing! Finnley said it was sticky.

Jax told us to, "use it for to stick on."

We was right!
