

The Bus Drugs Family Workshop gives parents/carers the opportunity to work with their young people to gain knowledge and understanding about all the issues that revolve around substance misuse. This includes county lines, substances, the reasons why people get involved in substances, how we can deal with these situations and much more. The drugs bus can help aid parents/carers to start what may be difficult conversations about the above mentioned issues, It can help gauge what your Young person knows or needs to know, all information is age appropriate. This is an interactive immersive workshop that takes place on a double decker bus.
