# READING CLOUD

Putting the library right at the  
**HEART OF OUR SCHOOL**

## What is Reading Cloud?

Reading Cloud is a library management system with an innovative online student engagement community which helps schools promote reading for pleasure and helps children develop positive attitudes to reading to become lifelong readers.

**Reading Cloud makes it easier for you to get involved with and support your child's reading from home. With Reading Cloud you can:**

### Access your Child's School Library

From any computer, iPhone, iPad, smartphone or tablet and help your child choose what to read next.

### Read your child's book reviews

Find out what your child thinks and feels about the books they're reading. Children can review books and give them a star rating.

### Track your Child's Reading Progress

View their past book loans and what they are currently reading.

### Create your own Video Reviews

A fun and interesting way of getting involved with your child's reading progress.

### Be sure your Child is Networking Safely\*

Reading Cloud provides a safe secure environment for your child to learn social networking skills. They can create an online profile, chat with friends, blog and be part of the Reading Cloud community.

### Access Quality eBooks\*

Help your child choose from a huge selection of ebooks that they can read on smart phones, iPads or tablets. Multi-lingual titles are also available for children who have English as a second language.

### Find out what they like to Read

Help your child pick their next book with the help of "Who Next" which recommends books based on what they have previously read, looking at similar authors/genres.

### Watch Author Video Clips

Video clips of authors talking about books with your child.

### Create a Wish List

Search the school library catalogue to see which books are in stock before you buy new titles for your child at home.

### Access Safe Websites

Access approved, curriculum relevant and safe websites from home.
