

Dear Parent

**Thinking of your child's next step?  
Think of Queen's!  
Virtual Open Evening, 6.30pm, Thursday 11 February 2021**

For those of you who are considering the best establishment for your child's Sixth Form education, we urge you to take a look at Queen's College. Queen's is a thriving school that excels in all areas from academia to performing and creative arts, sport to pastoral care. Year on year our A Level results are outstanding with many students going on to study at the top universities, but please don't just take our word for it - here are some testimonials from our students and parents:

*"The atmosphere in Sixth Form at Queen's College is like no other! As soon as you step in the building you are greeted by a smile from all..."*

*"The transition to university is a big step for any sixth form student, however I am immensely grateful for the preparation that Queen's gave me."*

*"We would wholeheartedly recommend the Sixth Form at Queen's College. Our experience with our three children has been very positive even in these very difficult times. The support and encouragement offered throughout the two years is fantastic both academically, pastorally and with UCAS applications, and this has been invaluable to all three children who are very different in their ambitions and aspirations but all have been encouraged to do their best!"*

Sadly, due to the current lockdown, we are unable to offer our normal style of Open Evening. Instead, we are running a **Virtual Open Evening on Thursday 11<sup>th</sup> February at 6.30pm**. This will give us the opportunity to share with you the fantastic education and opportunities Queen's has to offer. Simply complete the [Sixth Form Open Evening Registration Form](#) to reserve your place. Our Admissions team will be on hand to support you with any queries and to help ensure you achieve a feel for the school and what we can offer your child.

Whilst I will definitely miss being able to welcome you to Queen's in person, as I would normally do, I still hope that you can join our virtual event and experience all that Queen's has to offer.

*"Our boys left Queen's not only with the qualifications they needed for the next stage of their lives, but as well rounded individuals with confidence, a growing maturity and a group of friend I have no doubt will be life-long."*

Yours sincerely

**Dr Lorraine Earps  
Head Teacher**
