

Simonside Primary School - Progression in Multiplication

Year group	Foundation	Rapid Recall	Mental calculation	Objective	Method	Practical methods	Pictorial/written methods	Vocabulary
EYFS		Chanting of counting in 2s		Repeated grouping Counting in pairs Doubling	Practical/ recorded using ICT (eg digital photos / pictures on IWB)	Toys, Beads, Rhymes, Counters, objects, number lines, Numicon, stories, role play, number lines- hopping on, counting pairs. 	Drawing problems  Begin to record using marks they can explain 	Chanting/ counting in 2s.

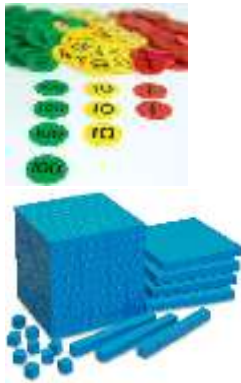

Year group	Foundation	Rapid Recall	Mental calculation	Objective	Method	Practical methods	Pictorial/ written methods	Vocabulary
Y1	<p>Count in 2's</p> <p>Count in 10's</p> <p>Doubles up to 10</p> <p>Count in 5's</p> <p>Double multiples of 10</p> <p>Count in 2's, 5's and 10's</p>	<p>Consolidation of EYFS</p> <p>Chanting of counting in 2s, 5s 10s</p> <p>Double pairs to 10, then 20</p>		<p>Consolidation of EYFS</p> <p>Begin to understand multiplication through grouping small quantities,</p> <p>Solve one-step problems involving multiplication</p> <p>Make connections between arrays and number patterns</p> <p>Double numbers and quantities</p> <p>Count in multiples of twos, fives and tens</p>	<p>Practical / recorded using ICT</p> <p>Informal written methods</p> <p>Horizontal recording</p>	<p>long number lines, 100 square, counting sticks, Dienes, tape measure, coins, cubes, bead strings, peg boards, numicon</p> 	<p>Pictures to represent working out.</p>    <p>Using arrays with teacher support.</p>   	<p>Chanting/ counting in 2s.</p> <p>Count on in..., lots of, groups of, pattern,</p>

Year group	Foundation	Rapid Recall	Mental calculation	Objective	Method	Practical methods	Pictorial/ written methods	Vocabulary
Y2	<p>2 x table</p> <p>10 x table</p> <p>Doubles up to 20 and multiples of 5.</p> <p>5 x table</p> <p>Count in 3's.</p> <p>2x , 5x and 10x tables.</p>	<p>Count in 2s, 5s and 10s</p> <p>Derive multiples of 2, 5 & 10.</p> <p>Relate to x facts (and derive related facts)</p> <p>Understand that halving is the inverse of doubling and derive and recall doubles of all numbers to 20, and the corresponding halves.</p>	<p>Doubles of TU numbers</p>	<p>Consolidation of Y1</p> <p>Count in steps of 2 and 5 from 0, and in 10s from any number, forward and backward</p> <p>Recall and use multiplication facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers</p> <p>Calculate mathematical statements for multiplication within the multiplication tables and write them using the multiplication (x) and equals (=) signs</p> <p>Show that multiplication of two numbers can be done in any order (commutativity)</p> <p>Solve problems involving multiplication using materials, arrays, repeated addition, mental methods, and multiplication facts, including problems in contexts.</p> <p>Connect the 10 x multiplication table to place value</p> <p>Relate multiplication to grouping discrete and continuous quantities, to arrays and to repeated addition.</p> <p>Use commutativity and inverse relations to develop multiplicative reasoning (for example, $4 \times 5 = 20$ and $20 \div 5 = 4$).</p>	<p>Practical</p> <p>Informal written methods</p> <p>Horizontal recording</p>	<p>Counting sticks, bead strings, number lines, 100 squares, Dienes, objects in groups and arrays.</p>   <p>Counting on</p>  <p>arranging objects in array.</p>	<p>Arrays</p>   <p>Repeated addition</p>  <p>Horizontal recording as repeat addition and using x and =</p>  <p>Multiplying by 10 using place value</p> <p>Grid Method</p> 	<p>Chanting/ counting in 2s.</p> <p>count on in..., lots of, groups of, pattern,</p> <p>odd, even, every other, how many times, multiple of, sequence, times, multiply, multiplied by, multiple of, once, twice, three times, four times, five times... ten times... as (big, long, wide and so on), repeated addition, array, row, column, double</p>

Year group	Foundation	Rapid Recall	Mental calculation	Objective	Method	Practical Methods	Pictorial/written methods	Vocabulary
Y3	Review 2x, 5x and 10x tables 4x tables Double 2 digit numbers. 8x table. 3x table. 6x table or review others.	Derive and recall 2, 3, 4, 5, 8 and 10 times tables (Derive related division facts). Also count in multiples of above. Recognise multiples of 2, 5 and 10 up to 1000. Use knowledge of number operations and corresponding inverses, including doubling and halving, to estimate and check calculations	U/TU x 10/100 (describe the effect) Doubles of TU/HTU numbers	Consolidation of Y2 Count from 0 in multiples of 3, 4, 50 and 100 Connect the 2, 4 and 8 multiplication tables through doubling. Recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables Multiply TU x U using mental methods and progressing to formal written methods Solve problems, including missing number problems, involving multiplication including positive integer scaling problems and correspondence problems in which n objects are connected to m objects Pupils develop efficient mental methods, for example, using commutativity and associativity (for example, $4 \times 12 \times 5 = 4 \times 5 \times 12 = 20 \times 12 = 240$) and multiplication facts to derive related facts (for example, $3 \times 2 = 6$, $30 \times 2 = 60$).	Practical Informal written methods Horizontal recording Formal written method	 Counting sticks, dienes, number lines, hundred square, tape measures   Grid method using concrete materials:	Partitioning $32 \times 6 =$ $30 \times 6 = 180$ $2 \times 6 = 12$ $180 + 12 = 192$ Written method: grid method  Introduce formal written method (expanded form): 36 $\times 5$ 30 $\underline{150}$ $\underline{180}$	Chanting/ counting in 2s. count on in..., lots of, groups of, pattern, odd, even, every other, how many times, multiple of, sequence, times, multiply, multiplied by, multiple of, once, twice, three times, four times, five times... ten times... as (big, long, wide and so on), repeated addition, array, row, column, double Count on in hundreds, multiplication, product

Year group	Foundation	Rapid Recall	Mental calculation	Objective	Method	Practical methods	Pictorial/ written methods	Vocabulary
Y4	<p>4x, 8x tables.</p> <p>10 times bigger.</p> <p>3x, 6x and 12x tables.</p> <p>Double larger numbers and decimals.</p> <p>3x and 9x tables.</p> <p>11x and 7x tables.</p>	<p>Derive and recall facts to 10×10</p> <p>Count in multiples of 6, 7, 9, 25 and 1000</p> <p>Recognise and use factor pairs and commutativity in mental calculations.</p>	<p>Numbers up to $1000 \times 10/100$ (whole number answers and understand the effect)</p> <p>Doubles of TU/HTU numbers and multiples of $10/100$</p>	<p>Consolidation of Y3</p> <p>Count in multiples of 6, 7, 9, 25 and 1000</p> <p>Recall facts for multiplication tables up to 12×12</p> <p>Use place value, known and derived facts to multiply mentally, including: multiplying by 0 and 1 and multiplying together three numbers</p> <p>Recognise and use factor pairs and commutativity in mental calculations</p> <p>Multiply TU \times U using formal written layout</p> <p>Multiply HTU \times U using formal written layout</p> <p>Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects.</p>	<p>Practical</p> <p>Informal written methods</p> <p>Formal written method</p>	<p>Dienes, place value counters, coins</p>  <p>Using the grid method (as in Y3), with place value counters.</p>  <p>Moving to written method using the grid</p>	<p>Moving to written method using grid</p>  <p>$1800 + 120 + 42 = 1962$</p> <p>More formal written method (expanded method)</p> $\begin{array}{r} 327 \\ \times 6 \\ \hline 42 \\ 120 \\ \hline 1800 \\ \hline 1962 \end{array}$ <p>Formal written method (compact form)</p> $\begin{array}{r} 327 \\ \times 6 \\ \hline 1962 \\ 14 \end{array}$	<p>Chanting/ counting in 2s. count on in..., lots of, groups of, pattern, odd, even, every other, how many times, multiple of, sequence, times, multiply, multiplied by, multiple of, once, twice, three times, four times, five times... ten times... as (big, long, wide and so on), repeated addition, array, row, column, double, count on in hundreds, multiplication, product</p> <p>Factor, exchange</p>
