11 September 2023

Dear Parent/Carer

Year 6 Open Evening – Tuesday 26 September 2023

Choosing a secondary school for your child is incredibly important. Choosing the right school will allow your child to gain the necessary skills and qualifications to progress beyond compulsory schooling. We are keen to showcase the excellent work taking place at Boldon School, even if you feel you already have firm plans about your child's future. Our aim is to ensure that all children are supported by an outstanding pastoral team and that they make progress which reflects their individual abilities.

As such, I would like to invite you to the Boldon School Year 6 Open Evening on **Tuesday 26 September 2023 from 5.30pm - 8.00pm**. This event is designed to allow you and your child to experience the excellent work that takes place in school every day. We will also be offering live-learning experiences. All faculty areas will be open and fully staffed and offering a series of interactive classroom activities and events to take part in.

Open Evening is our opportunity to share the excellent work which takes place in school. Please take time to visit each faculty and speak to staff about our curriculum offer. We will have a large number of Boldon School students supporting this event and they are very keen to demonstrate what they learn in lessons. You are free to move throughout the building or there will be opportunities to take advantage of a guided tour from some of our helpers. The evening will also include presentations at 5.30pm, 6.30pm and 7.30pm which will take place in our wonderful theatre. You are free to tour the school first and drop into a presentation when appropriate. I will be presenting to parents and the senior team will also be in attendance should you have any questions. I will keep the presentation brief as the main purpose of the event is for you to experience life at Boldon School. Miss Korn, our Special Educational Needs Co-ordinator, and her team will also be available if you have any questions relating to individual learning needs.

Yours sincerely

Mr J Peel
Head Teacher
