

What's on at your local Waste and Recycling Visitor Education Centre

World Environment Day 5th June 2022. The theme “Only One Earth” focuses on living sustainably in harmony with nature.

Pledge for the planet along with your local Waste and Recycling Visitor Education Centre by using #OnlyOneEarth.

Here are some top tips for how you can support:

- Recycle your plastic, glass, paper, cardboard and metals using your blue bin
- Clean out containers fully before you place them into your blue bin, to prevent contamination
- Choose to use re-chargeable batteries or recycle old batteries via your local supermarket or household waste recycling centre
- Reduce your food waste by planning meals
- Use bags for life and reusable water bottles

Tell the world what you pledge to do by posting on social media using #OnlyOneEarth
