

# AUXILLIA YOUTH SERVICES

## WHO WE ARE & WHAT WE DO

We're all about giving young people in South Tyneside a youth service that actually feels like theirs. Everything we do is flexible and led by you!

We help you build skills, try out new activities you might not normally get the chance to do, and support you with any personal or social challenges you're facing.

Our youth clubs are shaped by you. Your ideas, your interests. We're here to help make them happen. No two weeks are ever the same, so there's always something new to get involved in!

### 16-25 year olds

Need extra support? we've got you!  
Whether it's 121 mentoring, help with personal growth and education, or support in finding a job or training, we're here to help you figure things out and reach your goals

### Youth Clubs

If you're 8 or over, come and get involved!  
If you are under 8, just bring an adult (18+)  
We've got sports, crafts, cooking, gaming, trips out and loads more – all planned with your ideas. it's a safe space to chill, have fun and try new things.

### 14-16

Working with home educated groups or those not in school to deliver personal, social development sessions, enterprise & volunteering

Give us a ring or just Come along! Turn up and see what we're all about. Whether it's sports, gaming, crafts, cooking or just chilling.

There's always something going on.

Share your ideas – Our youth club is youth-led, so if you've got ideas for activities or trips we would love to hear them.

Follow us and keep up to date with what's happening in our youth sessions.
