

11 January 2022

MESSAGE FROM NORTH TYNESIDE'S DIRECTOR OF PUBLIC HEALTH AND PARTNERS

Dear Parents and Carers,

Young people aged 12 years and above 1st and 2nd dose COVID-19 vaccinations January 2022

At the start of the Autumn term, young people aged 12-15 were included in the COVID-19 vaccine roll out to give them, their families and their communities the best protection against COVID-19. Vaccinating children can help stop the spread of COVID-19 to other people, including within schools.

The rollout of the 2nd dose of COVID-19 vaccinations to young people (aged 12 years and above) who had their 1st dose at least 12 weeks ago is now underway.

In addition vaccinations will also be offered to young people who have not yet had their 1st dose.

Young people can get their COVID-19 vaccines either at school or through a local community clinic but they must wait for 12 weeks from a positive COVID-19 test before being vaccinated.

COVID-19 vaccination offered in school

Your school will inform you of the dates when the School Aged Immunisation Team is visiting your child's school. For vaccinations in school, consent forms will be issued by the school and **must** be returned to the school immediately.

COVID-19 vaccination offered in local community clinics

As an alternative to the offer of vaccination in school, if you would like to book a vaccination in a community setting in clinics provided by local GPs and pharmacies, this can be done via the National Booking System <https://www.nhs.uk/conditions/coronavirus-covid-19/coronavirus-vaccination/>.

A list of local walk-in clinics for young people is also attached to this letter- no appointment is needed.

If the young person is between 12 and 15 years of age, they must be accompanied at a community clinic by an adult who can complete the consent process for the young person to receive the vaccine. If the young person is 16 or 17 years of age, they can consent to the vaccine themselves.

If you are experience any difficulties in booking onto these clinics via the National Booking System or have any other COVID-19 vaccine queries, you can contact the TyneHealth COVID-19 Vaccination Team via their helpline on 0191 486 2001 or by email tynehealth.vaccine@nhs.net. This service is available from 9am to 5pm, 7 days a week.

Flu Vaccination

If your child has not had their flu vaccine yet, you can contact the School Aged Immunisation Team on 0191 293 4396 / 293 4397 and book onto one of their flu clinics. These are operating every Saturday in January from the John Willie Sams Centre in Dudley.

For up to date information on the COVID-19 vaccine programme rollout in North Tyneside please go to <https://tynehealth.org.uk/covid-19/>

Yours sincerely
