	<p>Education and childcare settings should endeavour to support this, for example by asking staff to support remote education, carry out lesson planning or other roles which can be done from home. If clinically vulnerable (but not clinically extremely vulnerable) individuals cannot work from home, they should be offered the safest available on-site roles, staying 2 metres away from others wherever possible, although the individual may choose to take on a role that does not allow for this distance if they prefer to do so. If they have to spend time within 2 metres of other people, settings must carefully assess and discuss with them whether this involves an acceptable level of risk.</p>		<ul style="list-style-type: none"> HT has called all staff who cannot work during this period due to health concerns. Where shielding is required, copy of government letter presented and are not expected to work in school building. Staff members to keep HT up to date with developments. Pregnant staff members - not to work in school - will work at home. Other staff members with vulnerable health concerns have been encouraged to work at home where this is available. If working on school premises, Social Distancing must be adhered to. PPE and cleaning products available to all. RA to be shared with all school staff; asking all staff members to read the document and reply to say they have done so. Even if a staff member does not reply to say they have read the document, it will be assumed that they have done so and are willing to follow all guidelines outlined. It is felt that as part of the staff team of St Oswald's CE VA Primary School, it is staff's 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

<p>Risk of coronavirus infection spreading due to large class sizes and reduced space</p>	<p>Early years and primary age children cannot be expected to remain 2 metres apart from each other and staff. Schools should therefore work through the hierarchy of measures:</p> <ul style="list-style-type: none"> • avoiding contact with anyone with symptoms • frequent hand cleaning and good respiratory hygiene practices • regular cleaning of settings • minimising contact and mixing <p>It is still important to reduce contact between people as much as possible, and we can achieve that and reduce transmission risk by ensuring children, young people and staff where possible, only mix in a small, consistent group and that small group stays away from other people and groups.</p> <p>PHE is clear that if early years settings, schools and colleges do this, and crucially if they are also applying regular hand cleaning, hygiene and cleaning measures and handling potential cases of the virus as per the advice, then the risk of transmission will be lowered.</p> <p>Where settings can keep children and young people in those small groups 2 metres away from each other, they should do so. While in general groups should be kept apart, brief, transitory contact, such as passing in a corridor, is low risk.</p> <p>For pre-school children in early years settings, the staff to child ratios within Early Years Foundation Stage (EYFS) continue to apply as set out here, and we recommend using these to group children.</p> <p>Primary schools:</p>	<p>✓</p>	<ul style="list-style-type: none"> • For EY Pupils see Reception Risk Assessment. • All rooms in use will have posters and health information on display - specifically targeted at pupils. • Actions performed by school to ensure contact between people is kept to a minimum: • Staff entrance - reception <ul style="list-style-type: none"> • Pupil entrance and exit - from fire doors and key stage gate <p>Detail:</p> <p>1. Office area / sign in & out area</p> <ul style="list-style-type: none"> • The electronic sign in system will still be used by staff as ID cards can be scanned beneath the screen. Staff will be encouraged to use this method rather than the touchscreen. 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

Risk of coronavirus infection spreading due to large class sizes and reduced space	<p>Consideration has been given to what activity is more difficult/ not possible to be undertaken with social distancing in place?</p> <p>Each activity should be risk assessed and should not be run unless the risks can be mitigated</p> <ul style="list-style-type: none"> • PE • Practical science lessons • DT/ FT 		<p>St Oswald's Action:</p> <ul style="list-style-type: none"> • PPE available for all staff and pupils wishing to use it. • PPE must be used by first aiders • Staff training arranged for 01.06.2020 - information video attached showing how to use PPE, staff declaration forms re virus and public health notices. • No practical lessons to be undertaken without consent of SLT. If wishing to hold practical lessons, staff member should present a risk assessment of lesson to SLT for consideration. 	
Poor Psychological / Staff / Pupil Wellbeing - due to personal, workload, returning to school issues, etc.	<ul style="list-style-type: none"> • Approach to support wellbeing, mental health and resilience in place, including bereavement support • How staff are supported to follow this within their own situations and that of pupils and colleagues is clear. <p>covid-19-guidance-for-the-public-on-mental-health-and-wellbeing</p>		<ul style="list-style-type: none"> • IU - Mental Health Champion. All staff aware of this. • IU Taskforce set up - chaired by HT to ensure all staff and pupils' mental health is considered at each point of implementation of RA. • Staff given regular updates and emails sent stating SLT are always available to speak to. • IU - to offer appointments to any member of staff wishing to seek advice, 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

HAZARDS (including inadequate / lack of arrangements)	EXISTING CONTROL MEASURES	if in place ✗ if not	IF '☐' STATE THE ACTION TO BE TAKEN WITH TIMESCALES OR INDICATE ANY ADDITIONAL CONTROL MEASURES	RESIDUAL RISK RATING High, Medium, Low
Risk of coronavirus infection spreading to children and staff due to lack of PPE	<p>The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. PPE is only needed in a very small number of cases including:</p> <ul style="list-style-type: none"> • children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way • if a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A fluid-resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. • If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting and staff cannot maintain a 2m distance and there is a risk of them being splashed with spit/saliva then there may be a case for PPE given we are now in sustained community transmission. A surgical mask should be worn and a risk assessment made over eye protection (it's possible that this would be needed if pupil spitting). If any direct contact/care provided then disposable aprons and gloves should also be used... a face visor may be the better option. 	✓	<p>St Oswald's Action:</p> <ul style="list-style-type: none"> • PPE is available for all to use if requested. • Instructional video emailed to staff. • All staff aware of RA and its content. • All staff to follow all advice within this document - control measures & actions. 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

	<ul style="list-style-type: none"> Education, childcare and children's social care settings and providers should use their local supply chains to obtain PPE. Where this is not possible, and there is unmet urgent need for PPE in order to operate safely, they may approach their nearest local resilience forum or contact Philip Dixon PPE.Supplies@southtyneside.gov.uk for any PPE - explain your reasoning from your RA. 			
Risk of coronavirus infection spreading to children and staff due to poor communication	<p>Consider the following steps:</p> <ul style="list-style-type: none"> tell children, young people, parents, carers or any visitors, such as suppliers, not to enter the education or childcare setting if they are displaying any symptoms of coronavirus (following the COVID-19: guidance for households with possible coronavirus infection) tell parents that if their child needs to be accompanied to the education or childcare setting, only one parent should attend tell parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use) make clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely) also think about engaging parents and children in education resources such as e-bug and PHE schools resources 	✓	<p>St Oswald's:</p> <ul style="list-style-type: none"> Signage on gate - do not enter if you have any of these symptoms ... Letter to parents explaining measures and drop off and pick up procedures Video on social media explaining procedures and measures to parents and pupils - advice to be included re not attending if anyone has any symptoms. LA contract cleaning to continue
