- **Please read this alongside the parent non-negotiables**
- Parents and carers are not permitted on site, as recommended by Government guidance
- Two members of bubble staff will collect your child's class from their allocated gate, one staff member will take your child's temperature and one staff member will support your child in moving to the furthest point available for their bubble to allow for entry to the bubble and a 2 metre line spread
- If your child's temperature reads a green, they will be permitted entry, a red reading means a child will not be permitted onto the site and you should consult the isolation guidance around next steps

Children must arrive at the appropriate time for their bubble - children who are late will not be allowed on school site.

Each child to be dropped off by one adult at the school gates.

Parents and pupils to follow social distancing guidelines.

Parents/ carers to leave school site immediately after drop off.

Children must enter through designated entrance.

Any queries to be emailed to staff at the end of the teaching day - staff should not be approached during drop off and collection.

Pupils do not need to take anything to school other than coat, hat, water bottle and packed lunch if required.
