

# Photography / Video Permissions

We love to celebrate the wonderful work our students are doing in many ways, including publishing photographs and video footage on the school website, on our Twitter/ Facebook pages, and occasionally sharing them with outside organisations such as the BBC, local newspapers, and European partner schools within our Erasmus Key Action 2 project.

You will have already been asked about photographs and permissions when your pupil registered at school. However, in light of upcoming changes in the Data Protection Act, it is vital that we obtain your explicit permission for each of these different situations.

Please note: Children will not be identified by name in any published photograph without explicit prior consent.

It is essential that we receive a response for every pupil, please complete as soon as possible. (Deadline 11 December)
