

How to Pay?

Caterlink believe in value for money for school lunches and we are sure you will agree the cost of a two course freshly prepared lunch at **£2.30** is value for money.

All lunches need to be paid in advance through the Caterlink online payment system https://meals.caterlinkltd.co.uk/meals/sign_in For ease you can pay in advance, the grid below will help you budget for your school lunches.

Once you have registered your child's account and your email information, it is easy to top up your child's account using a credit or debit card.

Our system will remind you when there is only enough money for 3 meals left on the account and when there is no money on the account to pay for a school lunch, this information comes to you as an email.

There is a **no debt policy** and all lunches need to be paid in advance. If you have no money left on your child's account the school will call you to ask you to top up, failure to do this will mean you will need to provide your child with a packed lunch.
