

What has been your favourite activity in Maths?

"Division - using our fingers or in my head"

"I like doubling - we use Numicon to find doubles and count on."

"I love numbers so I do Maths a lot. I get special challenges"

What new vocabulary have you learnt?

Subitising, Doubling, Dividing

Times tables, Subtraction

Greater than, Less than

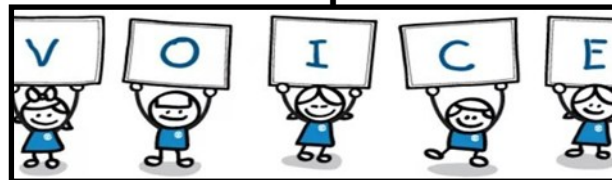

Equal - it means the same as!

Is there anything you don't like about Maths?

"I like everything...I like using the Numicon!"

"It's fun using the dienes to find tens and ones."

Maths Pupil Voice

What is Maths?

"Maths is all about doing things that you've never done before. You do stuff that makes you a superstar."

"You do subitising - something where you have to say what the number is"

"When you have to guess the number without counting"

"Maths is when you add numbers"

"You can double numbers"

"You learn about shapes - the corners"

What can you do in Maths that you couldn't do before?

"Division - I can do it better now, I could only do a little bit before. I work out the answers in a game before the teacher asks me!"

"Now I am really good at doubling."

"I can use my number bonds to 10 to find number bonds to 20! $9+1=10$ and $19+1=20$!"

Why is learning Maths important?

If you didn't know Maths - you wouldn't know your numbers.

When you're paying you might not know the right coins and you would give them the wrong money

You need to know about time... you would need to know minutes so you can meet people at the right time

I use the scales at home with my mum when I make cakes.

I can halve the pizza with my dad!

I can count and make things equal.
