

Dear Parent/Carer,

We recently celebrated Internet Safety week in school and we would like to invite parents and carers to attend a computing session on Thursday 29th February at the following times:

Blue Class 9.40am – 10.10am

Green Class 10.40am – 11.10am

During the session you will work with your child using a range of different devices and speak with staff about how to stay safe online.

We look forward to seeing you there.
