

Dear Parent/Carer,

All children are provided with reading books to take home however over recent weeks there have been a large number of books returned to school which have been damaged and are having to be replaced.

Can you please ensure school reading books are kept safe and out of reach of younger siblings/pets etc. as a number of these books have been torn or written in.

School water bottles should not be carried in school reading book bags as water damage to books is also a common occurrence.

Finally parents and carers will be asked to pay a £5 charge for any damaged books to cover the cost of the replacement.

Thank you for your support with this.

Mrs A Willis  
Head Teacher
