

Dear Parent,

As we head into Summer can I please remind you of the importance of protecting your children from the sun.

All children will spend some time outdoors every day and although we will limit the amount of time your child spends in the sun, children must have sun lotion on to protect their skin.

Can you please ensure you apply a high factor sun cream to your child before they come into school. If need be children can bring a bottle of sun cream into school on warm days as long as this bottle is labelled with your child's name. (Children will be expected to apply cream themselves)

Please ensure your child brings a hat into school on sunny days for additional protection. All children should continue to bring their water bottle into school every day.

In addition to this could I ask that you give consideration to your child's footwear. Crocs, open toe and strappy sandals are not appropriate footwear for school.

Children are running, climbing and playing sport so please ensure they wear footwear which ensures safety and gives the necessary support.

Black school shoes, plain trainers or plimsoles are more appropriate

Thank you for your cooperation

Mrs A Willis
Head Teacher
