Nursery and Reception Trip

This month nursery children took a trip to Hall Hill Farm to learn about the animals and life on the farm.

Reception children went to visit Tynemouth Aquarium where they took part in a rock pool encounter learning all about underwater life.

KS1 Trips

Year 1 children spent some time at The Marine Park exploring the area as part of their learning in Science.

Year 2 have spent time at Arbeia Fort where they took part in a workshop learning about artefacts. They also took a trip to Alnwick Gardens where they were able to visit the poison garden and the honeybee apiary.

Reach More Parents is our main communication tool. If you have not already done so please download the app from the link provided in your email. If you have not received an email please contact the school office on

0191 9330830.

The app gives access to key dates and allows parents and carers to give online consent for any upcoming trips or activities. Notifications will appear as a newsfeed along with a message function which will allow you to receive letters and information electronically. We no longer send out paper copies of trip letters/newsletters.

Please ensure you check your messages regularly as you will need to accept these messages for any upcoming trips to provide consent. If you do not accept the message in the app we do not have consent and your child may not be able to attend the planned trip/event.

SEND Feedback Event: You Said We Did

After the success of our recent SEND Feedback Event: You said We did, in March 2025, we are delighted to announce our next event.

We have listened to feedback from parents and carers which is shaping our future work. This event will give you the opportunity to hear what steps we are making to improve services across Education, Health and Care and meet with various support services.
