

# How **not** to wear a face covering

The Fiddler

The Droop

The Sniffer

The Earring

The Neck  
Beard

The Nose  
Plug

## The right way

Your face covering must be dry and clean and fit snugly over your nose and mouth.

Sanitise your hands before putting it on and taking it off.

Don't touch it - handle it by the straps.

Do not reuse a disposable mask or a damaged covering.
