

Summer Newsletter 2021-22

Penshaw Class

Dear Parents and Carers,

We hope everyone had an enjoyable Easter break. In the past few weeks, we have seen some good ways forward towards normality in our school routines which has been great.

We will continue working towards accreditations in English and Maths and following various Asdan programmes, completing challenges and modules focussing on humanities and life skills. In other curriculum areas, such as computing, DT and art, we will continue to add to their Independence Programme and Entry Level portfolios.

Our students are registered to do ASDAN Employability accreditations in our work-related learning lessons. They will cover various units such as communicating with others at work, exploring job opportunities, maintaining work standards and learning through work experience.

Emily, our speech and language therapist, will be continuing her work with the children on their programmes, developing their language and communication skills.

We will continue to undertake a range of well-being activities throughout the school day. Staff will be organising activities and various lunchtime clubs that the students can choose to attend.

If you have any enquiries or concerns, please do not hesitate to contact us.
