

Key Plan

A key plan of the building, which is an L-shaped structure. A north arrow is located in the top left corner, pointing towards the top of the page. Three dashed red lines with arrows indicate the orientation of the elevations: 'North Elevation' points to the top horizontal section, 'North West Elevation' points to the upper vertical section, and 'South West Elevation' points to the lower vertical section.

Read in conjunction with all plans and sections for further information on horizontal and vertical setting out.

Refer to Structural Engineer's drawings for full details of proposed structural elements.

Movement joint locations subject to confirmation by Structural Engineer.

Detail of number & locations of penetrations to be agreed with Services Engineer.

Refer to Services Engineer's information for full details of external lighting design.
