

## Year 3 Home Learning – due in 3/12/14

We need you to become a scientist in your spare time and help us explore the different types of plants we may find in our environment.

Can you conduct a mini scientific experiment in your own garden?

We need you to be observant, creative and scientific all at the same time!

### **Are you ready for the challenge?**

Take a look in your garden or when you are out for a walk and choose one type of plant or tree.

Can you draw a detailed picture of this plant or tree and label and describe the different parts of it, don't forget to look at the roots!

Hint: you could also take a picture!

*(Please don't dig up any plants without permission from an adult.)*

#### Success Criteria:

- Draw a detailed picture
- Label each part of the plant or tree  
(roots, stem, leaves, flower)
- Describe each part
- Use conjunctions in your descriptions (connecting word)
- Use a range of punctuation (, . ! ?)

#### Don't forget to practise your spellings!
