

## Year Three Curriculum Newsletter- Spring Term 2

Year three! We need to save Milton Keynes from Dr Evil- who can we find to help us? We need to become superheroes to save the city from certain destruction.

To achieve victory we must:

- Investigate materials and magnetic forces
- Explore statistics and data handling to find out the best qualities a super hero must have
- Create art work in the style of Lichtenstein
- Research comic strips and make one about our own superhero

You will be using science, art, literacy and maths to form your opinions and viewpoints

Good luck, Super heroes, the future of Milton Keynes rests in your Capable hands!

Mrs Humphris-Steel Woman , Miss Kynaston-Iron Girl , Mr Gray-Magnet Man and Miss Sheridan-Flame Girl
